LESS SOUND = MORE GROUND.

The Pacific Northwest Motorcycle Association would like all off-road motorcycle riders to ensure that their motorcycles are quieter than 96 dB and have proper spark arresters installed. People can't complain about us if they can't hear us.

And most importantly, Enjoy the Ride, and say "Thanks!" to all the volunteers that make all these events happen.

Check out the Pacific Northwest Motorcycle Association's website (www.pnwma.com) for updated event dates and posters.
